SCHOOL GARDEN

SUMMER GARDEN

There was nothing in the garden.

We started with gardening tools.

We cleaned
the grass.

Then we worked the soil.

We planted our vegetables.

We watered them.

And our first crops.

Sensory Garden/Winter Garden

- ▶ We got lots of palletes.

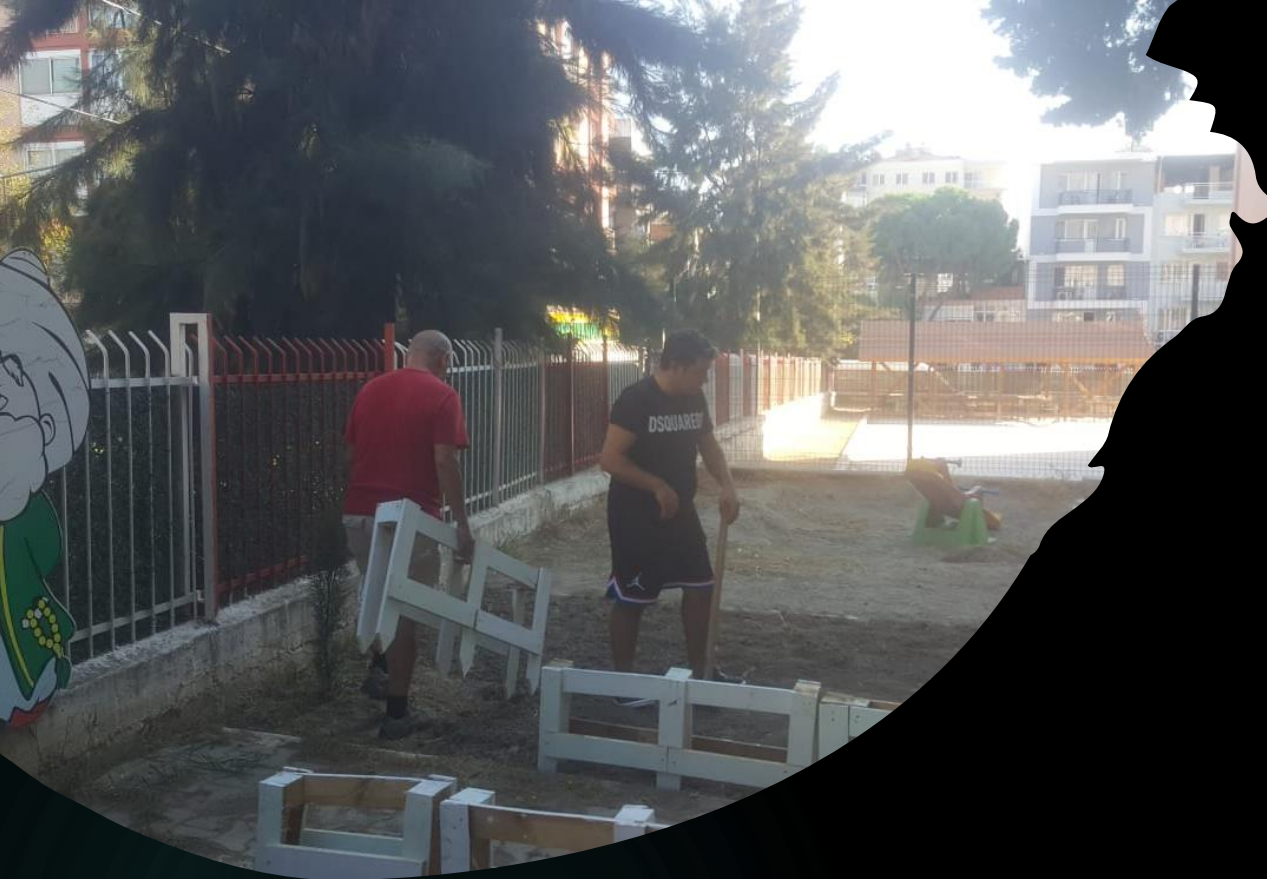

Painted them
with kids.

We cut them
and ...

Had fun and we
built fence.

We planted our flowers for sensory garden.

Lots of kids helped us...

Our teachers
worked hard

Even the
preschoolers

We also
planted trees.

Kids painted
bird and
bug
houses, and
made wind
chimes

Kids did a
great job
